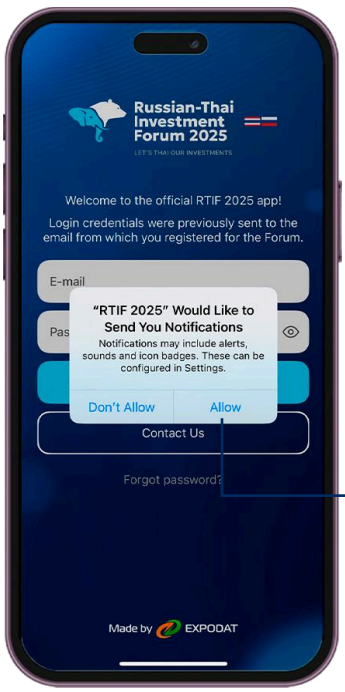
Russian-Thai Investment Forum 2025

Participant's Guide to the Mobile App Russian-Thai Investment Forum RTIF 2025

To install the app, search for "RTIF 2025" in the app store or scan the QR code below with your camera.

Some smartphones do not support QR code recognition with the standard Camera app and require a dedicated app.

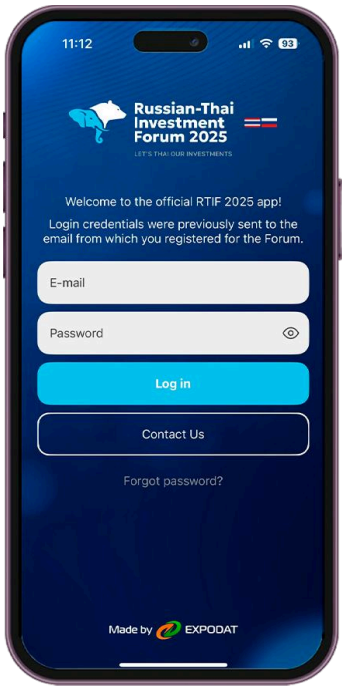


After installation and first launch the app will ask for your permission to send notifications.

Allow notifications to receive reminders about forum events and meetings with participants.

If you deny notifications, you will miss important event-related notifications.

Click the "Allow" button
to receive important forum notifications.



Authorizing the RTIF 2025 Forum App

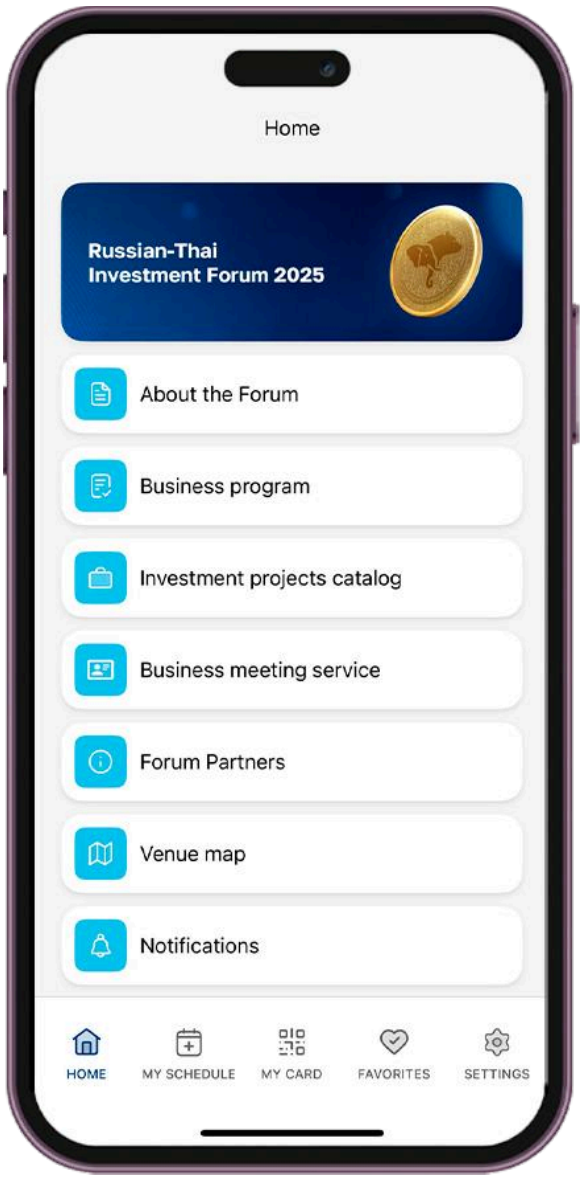
After launching the app you will see an authorization form on the screen.

Enter your account information (login and password) that were sent to you in the email regarding your participation in the event.

You can also use the "Forgot password?" option. An email with a link to confirm your password change will be sent to your email address.

After authorization you will have access to all the app's features.

RTIF 2025 Forum App Features



The mobile app will offer the following core features:

- Forum Description
- Business Program
- Investment Projects Catalog
- Business Meeting Scheduling Service
- Forum Partners
- Forum Map
- Exhibition Catalog
- Useful Materials
- Notifications
- Contact the Organizer
- Meeting Schedule
- Your Business Card
- Favorites
- Frequently Asked Questions
- Participant Profile
- Technical Support

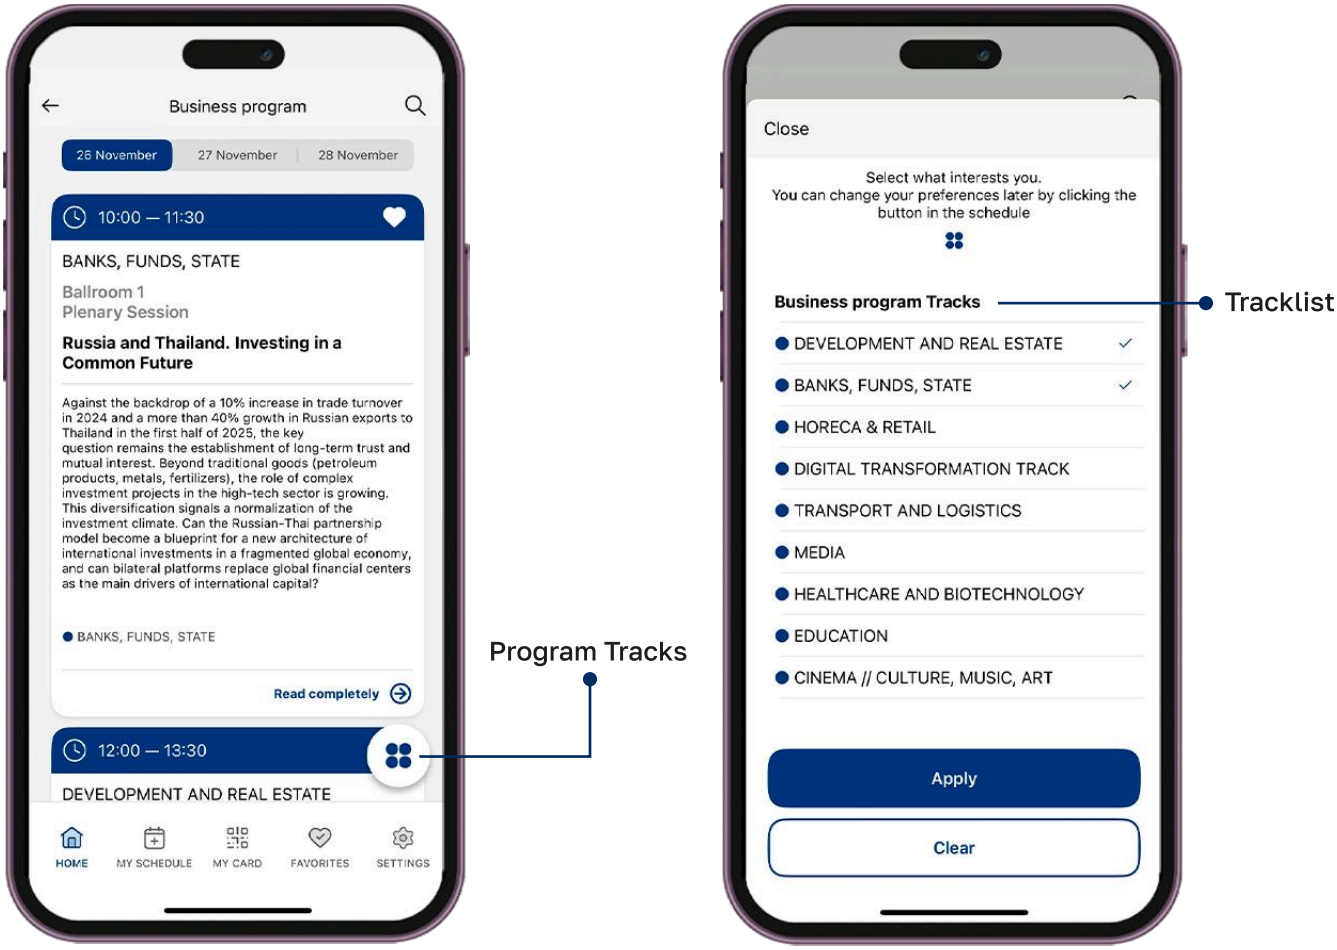
The following features are available in the RTIF 2025 mobile app:

1. "About the Forum" section

This section contains brief information about the event.

2. "Business Program" section

This section contains the business program schedule.
You can filter the schedule by date and program tracks.



3. "Investment Projects Catalog" section

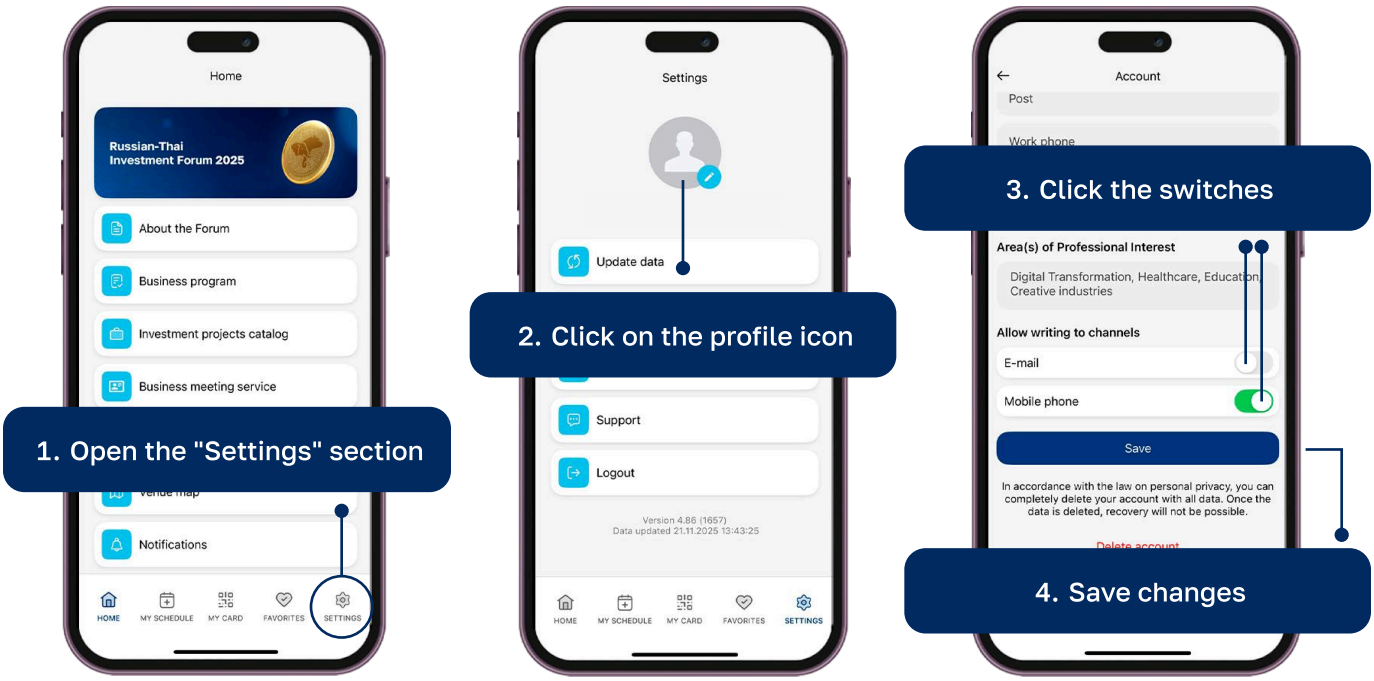
This section contains a catalog of investment projects. You can search for projects by name, country or category.

Each project description includes detailed information about it, the required investment amount, the estimated payback period, a link to the presentation and contact information.

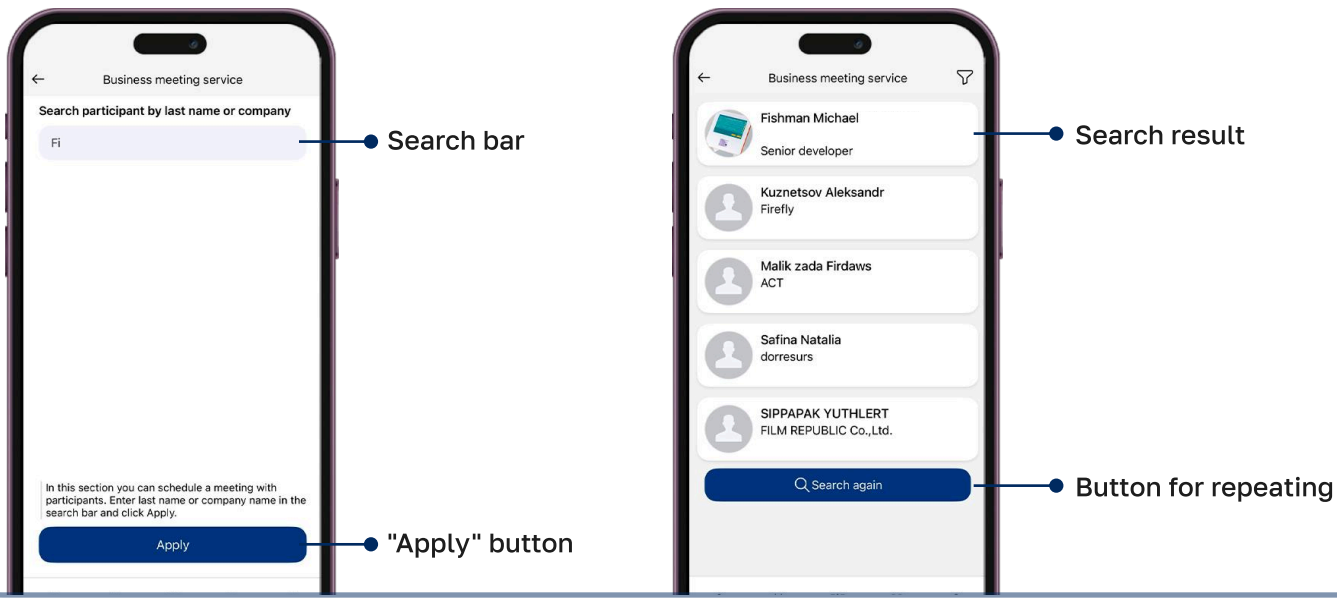
4. "Business Meeting Service" section

This section is for scheduling meetings with event participants.

Before scheduling a meeting you must allow or prohibit the sharing of your contact information with forum participants. To do this go to the "Settings" section, click on your profile photo and under "Allow writing to channels," allow or prohibit the sharing of "Email" and "Mobile phone":

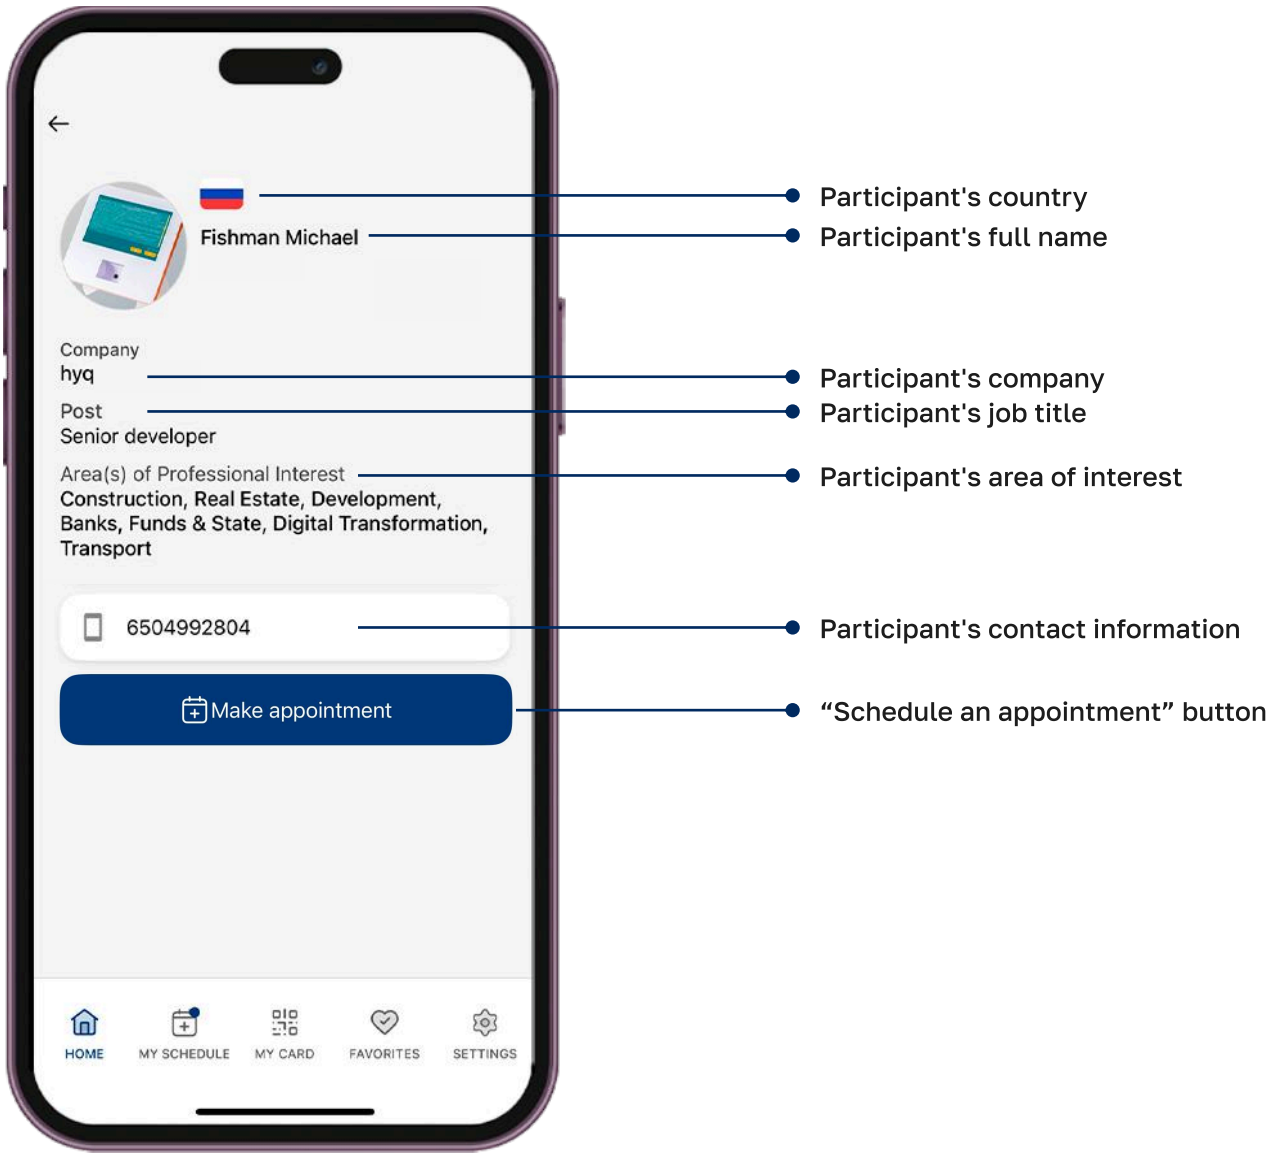


After these steps go to the "Business Meeting Service" section. You can search for participants by last name or company. To do this, enter the section and enter at least two characters in the search bar to get a result. For example, to search for a participant with the last name "Fishman," you would simply enter "Fi" and click the "Apply" button:



Next, select the participant you are interested in from the list.

Open the participant's profile by clicking on their card from the list, review the participant's information and click the "Make appointment" button.



Select a date and available time to meet with the participant.

10:00 — Available meeting slots

10:30 — Your confirmed meetings with the participant

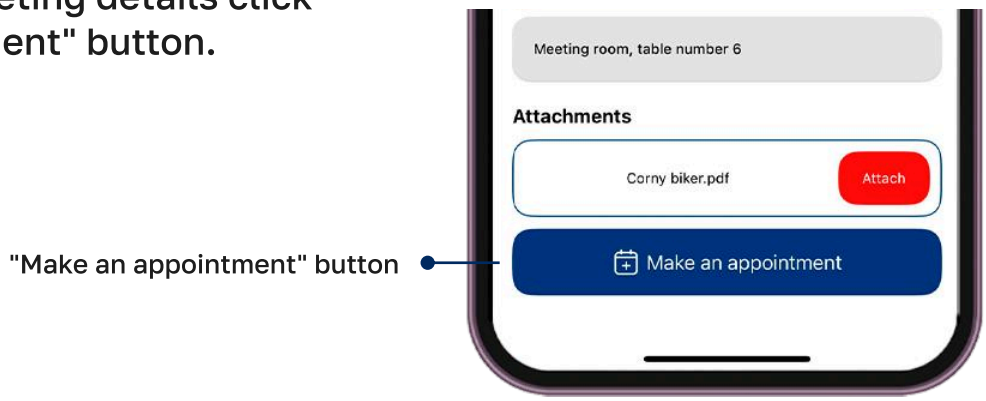
11:00 — Your meetings pending confirmation

11:30 — Meetings booked by another participant

Select and click the meeting icon with available time slots for the participant.

To schedule a meeting you must describe its purpose and select a meeting location. Attaching additional materials to the meeting is optional.

After filling out the meeting details click the "Make an appointment" button.

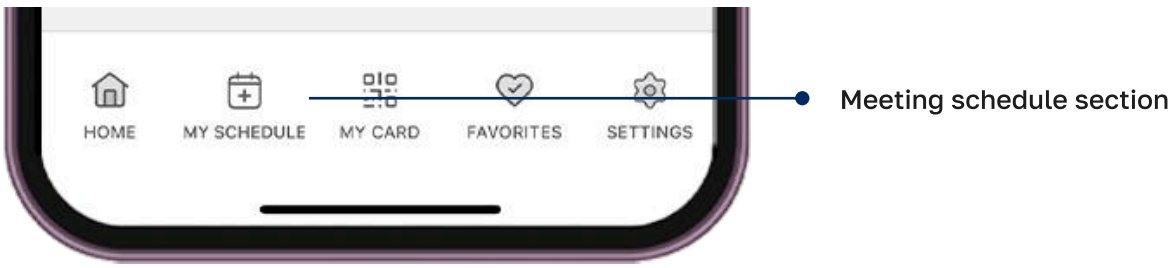


After you schedule a meeting you must wait for a decision from the participant with whom you scheduled the meeting. A meeting notification will be sent to them in the app and by email.

After the recipient confirms or declines the meeting request you will receive an email notification.

After the participant confirms or declines your meeting request, you will receive a notification at the email address you provided during registration, as well as a push notification on your smartphone informing you of the updated meeting status.

You can track your meeting schedule in the “My Schedule” section located in the bottom menu of the app:



5. “Forum Partners” section

This section contains the list of the forum's partners.

6. “Venue Map” section

This section provides the event venue map and key infrastructure points.

7. “Notifications” section

This section contains the history of notifications about business program events and your meetings with forum participants.

8. “Contact Organizes” section

This section redirects you to the event website, where you can find organizer contact details and a form for submitting questions related to the event.

9. “My card” section

This function is designed for exchanging contact information between event participants.

After tapping the “My Card” button in the bottom menu, a page with your QR code will open — it contains your contact details. The participant you want to share your contact information with should scan your QR code using their smartphone camera or any QR code scanning app.

After scanning, the participant will see a contact card with your information and will be able to edit it if necessary and add it to their phonebook.

10. “Favorites” section

The “Favorites” section is located in the bottom menu. It stores your bookmarked business program events, selected exhibiting companies, and investment projects of interest.

11. “Settings” section

In the “Settings” section you can find answers to frequently asked questions, technical support contacts, and log out of your app profile.
